PRODUCT
CATALOG

The timeless look of wood.
The performance of aluminum.

Classic by appearance. Advanced by design.

LINEAR Classic combines timeless architectural appeal with the durability, strength, and low-maintenance benefits of aluminum, creating a plank system designed for today's buildings and tomorrow's expectations.

BUILT STRONG. INSTALLED EFFICIENTLY.

LINEAR Classic plank systems have been tested to withstand ultimate wind pressures up to 180-200 PSF while utilizing attachment spacing up to 48" O.C.

NON-COMBUSTIBLE

Manufactured from aluminum, LINEAR Series provide a non-combustible architectural solution suitable for projects requiring enhanced fire performance.

INTEGRATED SPICE PLATES

Factory-finished, color-matched splice plates create a clean, seamless appearance while simplifying installation in the field.

FINISH PERFORMANCE

Available in premium woodgrain, solid color, and faux finishes, LINEAR Classic are engineered to maintain their appearance with outstanding resistance to fading, chalking, and weathering.

LOW MAINTENANCE

Enjoy the warmth and appearance of wood without the ongoing upkeep. Our LINEAR Classic requires minimal maintenance and never need staining, sealing, or refinishing.

SUSTAINABLE DESIGN

Aluminum is one of the world's most recyclable building materials. The LINEAR Series support sustainable construction practices through long service life and recyclability.

SPECIFICATIONS

LINEAR*Classic*

MATERIAL & THICKNESS

.075" Aluminum (6063-T6 High Strength)

PLANK SIZES

6" & 8" | Up to 16ft in length

PLANK DEPTH

1/2" Standard

REVEALS

V-Groove or Smooth

ATTACHEMENT

Concealed Z-Lock Engagement

WIND LOAD

Up to 200 PSF | 48" O.C. MAX

FINISH

FEVE & Sublimation

FINISH WARRANTY

Up to 25 Years

MATERIAL WARRANTY

Up to 75 Years

FINISHING

ADVANCED POWDER COATING

Delivering exceptional durability, color consistency, and long-term performance, our advanced powder coating systems are engineered for demanding architectural applications. Whether standard solids, premium mica finishes, stone effects, or custom colors, every finish is applied with precision to ensure lasting beauty and protection.

SUBLIMATION

Experience the warmth and character of natural wood with the strength and longevity of aluminum. Our sublimation process permanently transfers realistic woodgrain and weathering steel patterns into the powder-coated surface, creating highly durable finishes that resist fading, peeling, and weathering.

A photograph of a modern, two-story building with dark vertical siding and large glass windows. The building is illuminated from within, and the sky is a mix of blue and orange from the setting or rising sun. The text "Specify with confidence." is overlaid in the center. The building has a central entrance with a large glass door and two side doors, each with a small window. There are small plants and a paved area in front.

Specify with confidence.
