Designer, because design should never be limited.

LINEAR*Designer*

6"-12" Fabricated Plank System

More sizes.
More freedom.

Linear gives architects and builders the freedom to create. Mix widths. Combine finishes.

Add depth with Edge or Dimension profiles—or experiment with two-color or mixed-width designs for a truly distinctive look.

Customized Lengths 6ft-10ft

Technical Information:

High Strength Aluminum .063" Thickness 5052 Marine-Grade Alloy	Panel Depth 1" Standard - Up to 3"
Finish FEVE & Sublimation	Reveals 1/2" Horizontal
Finish Warranty Up to 25 Years

FABRICATED FORMED CORNERS

LINEAR *Designer* allows for you to design 90° formed corner for all available sizes.

**Max return on one side is 6"*

CUSTOMIZE YOUR REVEAL COLORS

INTEGRATED SPLICE PLATES

BUILT STRONG. INSTALLED EFFICIENTLY.

LINEAR Designer & LINEAR Classic plank systems have been tested to withstand ultimate wind pressures up to 180-200 PSF while utilizing attachment spacing up to 48" O.C.

FINISH PERFORMANCE

Available in premium woodgrain, solid color, and faux finishes, the LINEAR Series line are engineered to maintain their appearance with outstanding resistance to fading, chalking, and weathering.

SUSTAINABLE DESIGN

Aluminum is one of the world's most recyclable building materials. The LINEAR Series support sustainable construction practices through long service life and recyclability.

INTEGRATED SPLICE PLATES

Factory-finished, color-matched splice plates create a clean, seamless appearance while simplifying installation in the field. Designed to integrate directly with the LINEAR system, splice plates provide consistent alignment between planks, reduce installation time, and help maintain a uniform finished aesthetic.

NON-COMBUSTIBLE

Manufactured from aluminum, LINEAR Series provide a non-combustible architectural solution suitable for projects requiring enhanced fire performance.

LOW MAINTENANCE

Enjoy the warmth and appearance of wood without the ongoing upkeep. Our LINEAR Series requires minimal maintenance and never need staining, sealing, or refinishing.

PEST RESISTANT

Unlike wood products, aluminum planks are not susceptible to termites, insects, or biological deterioration, eliminating the need for chemical treatments.

FINISH OPTIONS

Explore our collection of standard woodgrain, solid color, faux stone, and weathered steel finishes to create a look that complements any architectural design.

INSTALLATION RESOURCES

Learn more about the ease of installing our Linear Series by viewing our installation resources.

Classic, because it's what you're familiar with.

LINEAR*Classic*

6" & 8" Extruded Plank System

Classic by appearance.
Advanced by design.

LINEAR Classic combines the familiar look architects love with the proven performance of extruded aluminum.

Built for long-term durability and minimal maintenance, it delivers a refined plank aesthetic designed to meet today's architectural demands.

Custom Lengths 8ft - 16ft
